DETAILED ACTION

Allowable Subject Matter

Claims 16 and 18-26 are allowed.

The following is an examiner's statement of reasons for allowance:

The combined prior art together does not disclose when the communication interface within the image forming apparatus is active, it is able to control the speed for receiving data during a period of transition from a power save mode to a normal mode as well as during a period when the processor is in an off-state while in the power save mode. Thus, the newly added limitations within the claims are sufficient enough to overcome the prior art of record, and as a result, the claims are allowable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Vincent Rudolph whose telephone number is (571) 272-8243. The examiner can normally be reached on Monday through Friday 8 A.M. - 4:30 P.M.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David Moore can be reached on (571) 272-7437. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
